

Agile Methodologies:

The Agile methodology is a way to manage a project by breaking it up into several phases.

Scrum:

Scrum is a framework for project management that emphasizes teamwork, accountability and iterative progress toward a well-defined goal.

Scrum Master:

A Scrum Master is a professional who leads a team using Agile project management through the course of a project.

EPIC:

An epic is a large body of work that can be broken down into a number of smaller stories, or sometimes called “Issues” in Jira.

Story:

Stories, also called “user stories,” are short requirements or requests written from the perspective of an end user.

scrum meeting:

Scrum meeting is a catch-all term that can describe different types of meetings held by Scrum teams.
